DETAILED ACTION

1. It is hereby acknowledged that the following papers have been received and placed of record in the file: Amendment dated August 29, 2005.
2. Claims 1-6 and 8-16 are presented for examination. Applicant has canceled claim 7.

Allowable Subject Matter

3. Claims 1-6 and 8-16 are allowed.
4. The following is an examiner's statement of reasons for allowance: the claims are allowable because none of the references cited, either alone or in combination discloses or renders obvious a motherboard with reduced power consumption of claims 1 and 8, comprising "... a DDR termination array, coupled between the memory module slot and a voltage source, comprising a plurality of termination resistors connected to the voltage source and a plurality of switches between the plurality of termination resistors and the memory module slot, ... the control signal opens the plurality of switches to cut off the coupling between the memory module slot and the termination resistors and thus to cut off the coupling between the slot and the voltage source..." and an operation method of claim 13, wherein "the motherboard comprises a memory module slot for receiving a memory module and a plurality of termination resistors, the resistors and a voltage source form an operation circuit, the operation method comprising using a control signal to cut off... establish the connection between the memory module slot and the operation circuit..."
